

NEIGHBORHOOD WATCH

BUSINESS INTELLIGENCE

m. MOTIVITY SOLUTIONS

The Collingwood Group

MONITOR NEIGHBORHOOD WATCH AND PROACTIVELY AVOID CREDIT WATCH AND DIRECT ENDORSEMENT TERMINATION

Motivity Solutions and The Collingwood Group are proud to offer a business intelligence solution designed specifically to enhance the experience of Neighborhood Watch. Our pre-configured solution provides an out of the box, web-based analytics and monitoring tool that will improve the way you see and use your Neighborhood Watch data. Dashboards and scorecards allow you to slice and dice your Neighborhood Watch data to identify negative trends and proactively monitor results within your organization.

CAPTURE

Automated collection and storage of all your Neighborhood Watch data with easy access for in-depth analysis.

ANALYZE

Graphical dashboards display summary information and highlight exception areas that need immediate attention.

MONITOR

Track key Neighborhood Watch metrics over time relative to your goals and past performance.

IMPROVE

Expert insight and advice from trusted advisors to proactively improve company and individual performance.

INNOVATION BY MOTIVITY SOLUTIONS

Motivity Solutions is a Denver, Colorado - based technology firm and creator of mortgage centric business intelligence technology. This innovative, award winning Business Intelligence Platform helps lenders stay in front of the market while focusing on continuous improvement achieving company wide goals.

INSIGHT BY THE COLLINGWOOD GROUP

The Collingwood Group is a Washington, D.C. - based business advisory firm that was founded on a single idea: To help clients grow their business. Our clients range from the Fortune 50 to small and mid-size businesses, with a strong concentration in financial services and technologies.

Staying aware and ahead of negative trends in your FHA business performance has never been more critical. Collingwood's expertise in FHA Risk Management, combined with Motivity Solutions' business intelligence technology, has enabled real time access to relevant Neighborhood Watch data so FHA lenders can easily identify areas of vulnerability and more effectively manage risk.
